---

PROFESSIONAL EXPERIENCE

Warehouse Worker | ACE Bakery | *(Dec 2023 – Dec 2024)*

- Increased production efficiency by 20% by optimizing processes
- Reduced inventory discrepancies by 15% through meticulous stock management
- Verified the accuracy of incoming shipments by cross-checking against invoices, ensuring high-quality product standards.
- Actively monitored product quality and addressed any issues to ensure customer satisfaction.
- Consistently adhered to health and safety protocols while maintaining a clean and organized work environment.

PROJECTS

Netflix-GPT | *(AI-Powered Movie Recommendation App)*
Developed an AI-driven movie platform using React, Redux, and Tailwind CSS. Integrated OpenAI GPT and TMDb API for personalized recommendations.
Key Features: AI-powered search, intelligent movie recommendations, dynamic UI updates.
Technologies: React, Redux, Tailwind CSS, OpenAI GPT , TMDb API

YouTube Clone | *(Video Streaming Platform)*
Built a YouTube-inspired video streaming application that allows users to search, view, and explore videos in a responsive interface. The app integrates the YouTube API to fetch real-time video content and provides an optimized layout for seamless playback.
Key Features: Real-time video search, responsive video grid, embedded video player.
Technologies: React, Tailwind CSS, YouTube API
